

BRAILSFORD C OF E (VC) PRIMARY SCHOOL

SPORTS FUNDING

Background

Since September 2013, all maintained and state funded schools with primary phase pupils have received additional funding to improve the quality and breadth of PE & sport provision. This funding is approximately £8000 plus a nominal amount per pupil head.

Schools are free to determine how best to use this funding, including increasing participation in PE & sport so that all pupils develop a healthy lifestyle, and reach the performance levels they are capable of.

Our School

In 2014/15 our school received: £8,217

In 2015/16 our school received: £8,408

In 2016/17 our school received £8,388

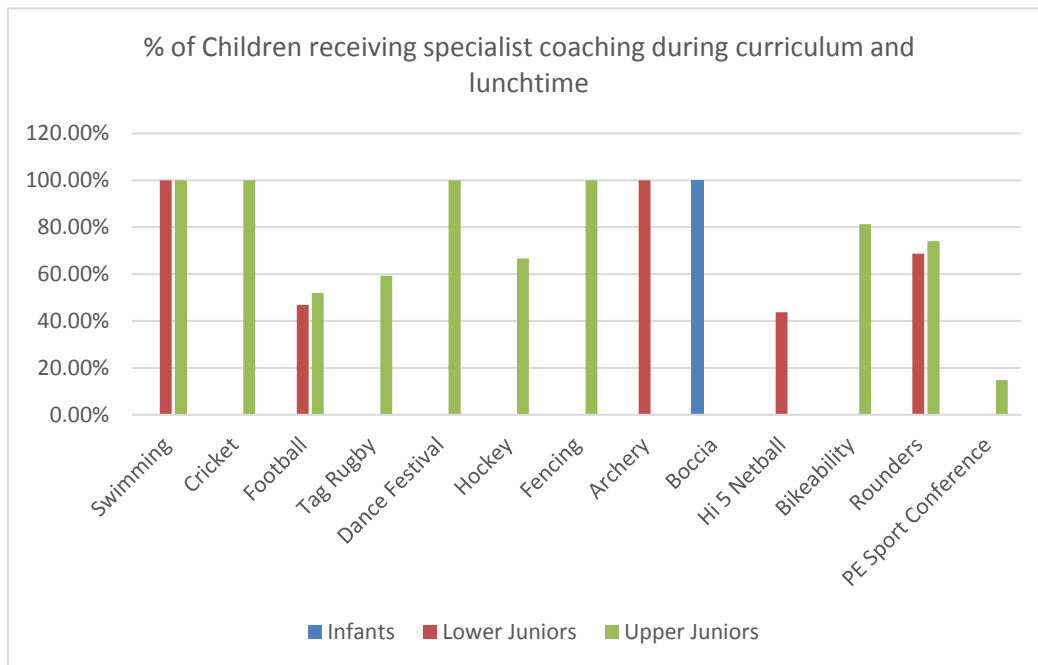

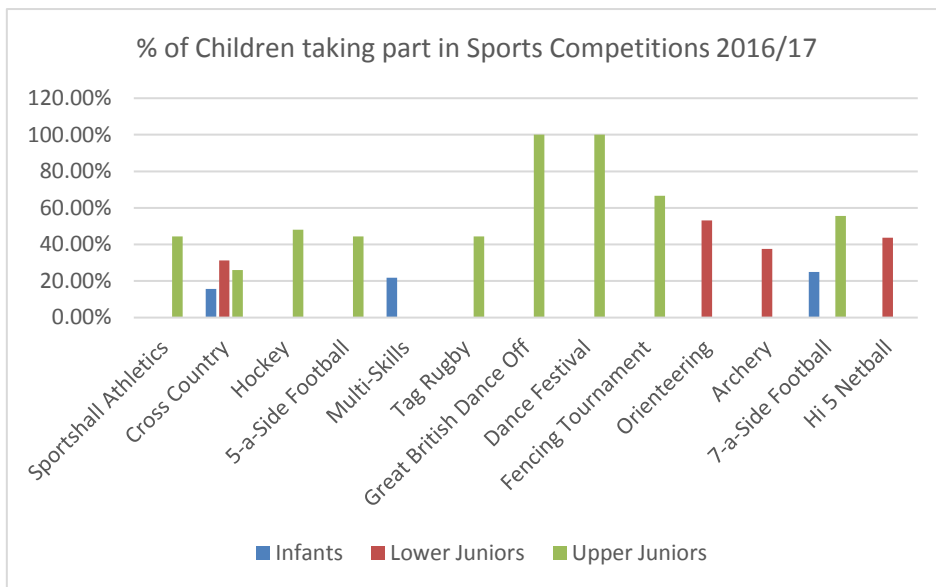

This is how we are using the funding:

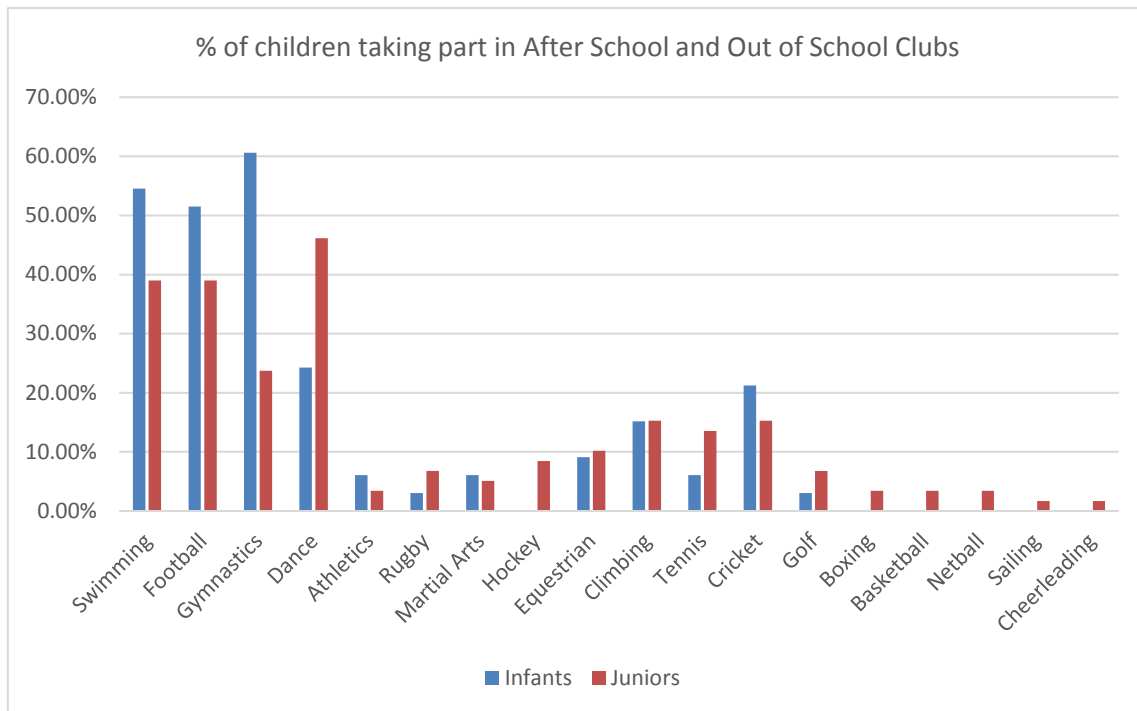

- ✓ Providing staff training to ensure that all those that teach PE, teach it well.
- ✓ Employing specialist sports coaches to work alongside our teachers and teaching assistants in lessons to increase the confidence and subject knowledge of our staff.
- ✓ Providing cover staff to release our staff for professional development in PE and sport.
- ✓ Buying into school sports partnerships with 2 local secondary schools.
- ✓ Providing training for midday supervisors to improve lunchtime games opportunities.
- ✓ Paying-for transport to local facilities to take part in inter-school competitions.
- ✓ Paying for the hire of local leisure centre/sports hall facilities, to improve our provision of indoor sport/PE
- ✓ Funding swimming opportunities for all junior pupils to ensure they learn to swim.
- ✓ Introducing new sports opportunities such as Archery, Fencing, Boccia and The Golden Mile, to increase interest and encourage participation from hard to reach pupils, uninterested by traditional PE
- ✓ Purchasing specialist equipment and teaching resources, to enable delivery and participation in activities previously not offered, e.g. Fencing
- ✓ Providing opportunities for Gifted & Talented pupils, such as additional opportunities in dance and athletics.

The impact of additional funding on improving the quality and breadth of PE & sport provision:

- ✓ 100% of pupils can swim at least 25m by the end of KS2.
- ✓ Additional activities offered during curriculum time have included: cricket, multi-skills, golden mile, archery, fencing, boccia, Bikeability and Brain-gym type activities.

Plans for future spending

We are committed to ensuring that all our pupils, no matter what their ability level should have the opportunity to experience as many different kinds of sporting activity that we can offer, and to learn how to be healthy and live a healthy, active lifestyle.

In the forthcoming academic year, we aim to continue to extend the range and provision of sports activities and opportunities we offer, including employing a sports specialist for half a day per week to assist our PE coordinator, provide high quality CPD and up-skill our staff, including teachers, teaching assistants and midday supervisors.

Provide further opportunities for all pupils to become sports leaders, if they wish. We have proactive Sports Captains, Vice captains and School Sports Crew.

Introduce a Sports Week in the summer term to provide children with opportunities to try new sports and develop new interests.
